

BR 40/10 C Adv

Professional heavy-duty scrubber drier makes light work of dirty floors

KÄRCHER's BR 40/10 C Adv scrubber drier is designed for heavy duty cleaning of small to medium floors. The machine is packed with features to make it easy and safe to use and maintain, and offers exceptional cleaning results.

The BR 40/10 C features two counter-rotating brushes and two rubber squeegees, ensuring floors are thoroughly cleaned and dried in a single pass. With the vacuum system turned off, the machine can be used for deep cleaning of heavily soiled floors where more scrubbing and detergent are needed.

High performance

- Large (10 litre), separate fresh and dirty water tanks
- High suction power leaves floors clean and dry in a single pass
- Vacuum-off facility for deep scrubbing
- Variable brush contact pressure for superb results on different floor types
- A variety of brush and pad types available for different floor types and degrees of soiling

Easy Maintenance

- Fresh and dirty water tanks are easy to remove and clean
- Key components such as roller brushes, water distribution channels and suction squeegees are easy to clean and replace without the need for tools
- Current surge protector as standard

Operator Safety and Ease of Training

- Hygienic – no direct contact with dirty water
- Carry handles on tanks for easy emptying/refilling
- Easy to transport with removable wheels stored on board
- Simple controls and operation make training easy
