

## Product Specification

### FP 303

- Pad rotation: 1000 rpm
- Working width: 290 mm
- Cable length: 7 m
- Weight: 7 kg
- Dust bag: 4 l
- Motor rating: 600 W

### Customer benefit

- **Complete system** for polishing:
  - Floor polisher
  - Floor care products
  - Polishing pads
- Suitable for **most hard floor surfaces**
- Optimized weight guarantees **perfect polishing results**
- **Low height** of polishing head enables polishing underneath low furniture
- **Ergonomic hand grip**, one or two hand operation
- **Pad-storage** on the machine
- Easy and **comfortable handling** without any effort

### Application areas

- Sealed, unsealed parquet
- Laminate
- Stone
- Linoleum, PVC

### Product idea

The FP303 is a new and improved Floor Vacuum Polisher, replacing the hugely successful FP222. This maneuverable, high performance vacuum polisher is ideal for domestic polishing of hard surfaces. The low profile polishing head allows easy cleaning underneath low furniture. The ergonomic handle and grip allows for two hand operation, whilst the newly optimized weight ensures the best possible polishing result. Three removable polishing pads allow polishing up to edges and corners. For a more aggressive clean, soft and hard cleaning pads are available separately. Pad storage is provided on the machine.

### Accessories

#### Standard Accessories

- 3 x polishing pads
- Paper dust bag - 69041280

#### Special Accessories

- Basic Cleaner - stone/PVC/linoleum
- Floor Care - matt stone/PVC/linoleum

PROFESSIONAL TRADE TOOLS AT LOW PRICES

### Basic Cleaner

62953810 - Stone / Linoleum / PVC

#### **Product Features:**

- removes stubborn dirt
- removes old coatings
- prepares surface for new care coatings

#### **Processing:**

1. Add 100 ml/l (basic cleaning) or 20 ml/l (maintenance cleaning) to water & distribute with mop evenly
2. Leave for a short period of time and collect it back with mop
3. wipe with clear water 1-2 times
4. Scrub with FP303 brush pads
5. For removing old coatings, you can use a higher dosage

### Floor Care

62953820 - Stone / Linoleum / PVC

62953830 - Sealed / Varnished / Laminate

62953840 - Parquet / Waxed Wood

#### **Product Features:**

Optimised care and protection for:

- matte artificial and natural stone floors, linoleum and PVC, sealed parquet and laminate
- protective coating against water and dirt
- removes walking tracks
- provides a satin shine
- anti-skid property
- easy to polish

#### **Processing of basic care treatment:**

1. Apply 10 ml / m2 on a clean floor,
2. Distribute evenly with a moist mop
3. Let the moist film completely dry (ca. 20-30 min.)
4. Then polish with the FP 303
5. Let it harden for 24 h without stepping on with shoes or contact with heavy objects
